Application No. 10/768,340	Filing Date: January 30, 2004
Title of Application:	Binding Adjustment System
Confirmation No. 6968	Art Unit: 3618
Examiner	Kelly E. Campbell

Mail Stop Amendment  
Commissioner for Patents  
Post Office Box 1450  
Alexandria, VA 22313-1450

**Response to Election/Restriction**

This is a response to the outstanding Office Action dated November 16, 2005.

Applicant hereby elects the invention of Group II, Figures 6-10, claims 1 – 47, for prosecution in this case. Applicant traverses the Examiner's restriction as the disclosed species in Groups I, II and III are not patentably distinct. For example, while Figures 7-10 illustrate the binding plate in greater detail than as shown in Figures 3-5, the same invention is simply shown attached to a snowboard in use. For example, Figure 5 illustrates the riders foot turned in the forward position, while Figure 6 illustrates the foot positioning for riding.

Mailing Certificate: I hereby certify that this correspondence is today being deposited with the U.S. Postal Service as *First Class Mail* in an envelope addressed to: Commissioner for Patents and Trademarks; Post Office Box 1450; Alexandria, VA 22313-1450.

In addition, Figure 11 is simply and exploded view of the device shown in Figures 7-10, while Figure 12 is a detail of a portion of Figure 9 and Figure 13 is a detail of a portion of Figure 8A. Applicant therefore respectfully submits that these cannot be patentably distinct species.

Applicant believes that no fee is due in connection with the filing of this Amendment. However, if any fee is due please charge Deposit Account No. 19-4516.

Respectfully submitted,

December 12 2005
